

Natural Wallcovering

INSTALLATION ADDENDUM – BIRCH 1/2

Please be advised, this addendum pertains to the wallcovering listed below. It is meant to be used in tandem with our full installation instructions for natural, handcrafted wallcoverings located at hartmannforbes.com/install

BIRCH SERIES

WLLK46-34 Birch – Wisteria

WLLK46-03 Birch – Gardenia

CHARACTERISTICS OF SPECIALTY WALLCOVERING

- This wallcovering is handcrafted. There will be irregularities.
- The thickness may be inconsistent and will not line up horizontally or vertically
- Due to the thickness of this wallcovering, please use an appropriate wallcovering cutting blade
- Side-match or use creative freedom for preferred aesthetic

INSTALLATION INSTRUCTIONS

- Hang wallcovering as it comes off the roll – do not reverse hang (*see illustration at right*)
- Make a note on the back of each strip to indicate the TOP. Stay consistent in aligning pieces with the TOP as the header
- DO use a soft smoothing brush and brush lightly, or smooth softly with your hands
- DO NOT use a hard flat smoothing tool
- If a piece of cork should peel away from the backing, use 3M Crazy Glue to gently glue back in place

Natural Wallcovering

INSTALLATION ADDENDUM – BIRCH 2/2

WLLK46-34 Birch – Wisteria

WLLK46-03 Birch – Gardenia

① Birch has a selvage edge and will need to be trimmed.

② Using a sharp cutting blade, trim $\sim 1/8$ " from embroidered edge.

③ Apply appropriate paste evenly, especially near edges, to the back of the wallcovering, taking care not to get adhesive on face of wallcovering. Allow wallcovering paste to become tacky prior to hanging – timing will vary depending on the temperature and humidity of the room.

④ Hang wallcovering with panels side-by-side, noting the "TOP" of each panel. Panels do not need to align – use creative freedom for preferred aesthetic.
