**↑ CHECK IT**  
Designer Max Humphrey's new line of window coverings for Hartmann&Forbes is a nod to his signature Modern Americana style. It features a fresh take on classic prints and patterns—gingham, quilt, and cable knit—and is rendered in handwoven natural textiles. [hartmannforbes.com](http://hartmannforbes.com)

**↑ OPTICAL ILLUSION**  
Sean Zhang, creative director and founder of Ocrum Studios, loves to bring visual movement to a space. With its flat metal frame that looks like a globe, his new "Sphere Side Table" challenges visual perception through an optical illusion. [ocrumstudios.com](http://ocrumstudios.com)

**→ MOONGLOW**  
This lamp by French designer Baptiste Lanne is methodically sculpted and entirely dyed with Chinese calligraphy ink. When illuminated, the oak surface looks a bit like moonlight dancing on the sea. Price Upon Request; [swadon.com](http://swadon.com)

**↑ TRUE DEW**  
Feeling parched? Saje's non-comedogenic facial oil locks in moisture, reducing the signs of aging and restoring elasticity. It's ideal for dry winter skin! \$44; [saje.com](http://saje.com)

**↑ ROLL THE DICE**  
Proudly designed on the Upper West Side (of Kansas City), Brass Monkey is a very cool brand for home goods, games, and more. Love their dice set, which has everything you need for 30 different games. \$25; [brassmonkeygoods.com](http://brassmonkeygoods.com)

**↑ OUT OF OFFICE**  
My favorite season is just a spritz away with "Vacation." The scent is a marriage of classic sunscreen (coconut, banana, pineapple, and orange blossom) and the actual poolside experience... pool water, pool toys, and swimsuit Lycra...seriously! It's nostalgic and sexy. \$60; [vacation.inc](http://vacation.inc)

**↓ STYLE HYBRID**  
Sustainable-fashion brand LEZÉ The Label (a play on the word lazy) invented "workisure." Think high-style, structured pieces that feel like pajamas. [lezethelabel.com](http://lezethelabel.com)

**↓ WASH UP**  
Made exclusively for Ann Sacks by Robern, the "Aisla Vanity" pulls design cues from the California coastline. The weathered-oak cabinet is topped with a creamy marble top and has a chic horizontal veneer pattern. Price Upon Request; [annsacks.com](http://annsacks.com)
