NATURAL WALLCOVERING

NATURAL WALLCOVERING

WE SEE WALLS AS WINDOWS, TOO.

The presence of light and shade on a wall should always enhance your natural surroundings. Our collection of authentic grasscloth surface materials is created from rapidly-renewable fibers such as abaca, sisal, ramie and jute. Each textile is woven and finished by hand before being carefully backed and trimmed.

Here you'll find sanctuary, and inspiration wall-to-wall. From the warm, herbal tones of wine country to traditional Southern geometry, each design reflects a distinctly American personality.

An all-embracing way to feel even more at home.

RIVERFRONT

Resembling reflective waters of a river winding through a city, the Riverfront series is highlighted by golden metallic threads interwoven within soft white and silver abaca.

WL415-03 Sail

WL415-36 Mooring

HARBOR

Sailboat-dotted inlets and ocean sunbeams inspired this eye-catching design. Hearty bac bac fiber is hand-stripped, handwoven, backed with colored paper, then washed with white or metallic pigments. This artisanal process creates a dimensional wallcovering of extraordinary character.

BEACHFRONT

At once relaxed and refined, Beachfront captures its namesake coastal feel. Artisan-loomed of textural raffia, its hand-painted fibers reveal variable brushstrokes for a laidback look. The colorized warp combined with whitewashed weft fibers in an open weave creates a dimensional, sun-dappled appearance.
