

Natural Woven Shade
ROLLER STYLE

ROLLER STYLE

Architecturally simple, the contemporary, Best for Kids Certified Roller Style is both beautiful and highly functional. Rolls up for a minimalistic profile at the top of a window, or can be concealed within a valance or soffit structure.

DETAILS

Tube: Fabric rolls onto an aluminum tube and falls from rear of tube closest to window. Reverse roll available

Bracket and roll diameter based on weave selection, method of operation, and size of shade. For minimum casement depth requirements

Deductions: Shade fabric will measure narrower than specified width to accommodate clutch/motor, idler and brackets

Bottom Hems: Woven-to-Size Collections: hand-sewn tapered oval hem
Tailored-to-Size Collections: tacked round hem

DC DESIGN CONSIDERATIONS

- Outside Mount shades can be mounted to ceiling or wall
- Shades with lengths over three times the width are not recommended as they may track unevenly
- Not available with liner or edge binding upgrades. For the look of edge binding, see Essence Custom Edge Upgrade
- Avoid front artificial lighting sources which can accentuate inherent natural fabric textures and characteristics such as knots, ripples or wrinkles

LIGHT GAPS

Inside mount rollershades will have a light gap between shade and head jamb

Finished fabric width will measure narrower than the specified bracket-to-bracket width to accommodate clutch/motor, idler, and brackets

To cover light gap at top of window, consider a stand alone valance p135

Refer to casement depth requirements p087

Regular Roll with Clutch

Reverse Roll with Newton

HELPFUL HINTS

- We recommend hiring a professional installer to ensure shades are level and shimmed for proper operation. Frayed edges caused by improper installation will not be covered under craftsmanship warranty
- Shade is 100% cordless when specified with Newton or Automation
