

Natural Woven Shade
ROLLERFOLD™ STYLE

ROLLERFOLD™ STYLE

This patented D877,536 S, award-winning style combines the aesthetic beauty of a roman shade with the sleek performance and child safety features of a Roller Style shade. Best for Kids Certified when automated, the Rollerfold eliminates shade-body operational cords yet mimics the look of a roman shade.

DETAILS

Tube & Headrail: Fabric rolls onto an aluminum tube. Diameter of tube based on weave selection, method of operation, and size of shade
 Fabric falls from rear of tube closest to window. Reverse roll available
 Fabric-wrapped wood headrail. Headrail depth based on method of operation

Valance: 6"L front valance made from the shade fabric. Inside mount valance deduction $\frac{1}{4}$ "W. Some motors require 8"L

Valance lined with color coordinated translucent liner for weaves with privacy level 1 or 2

Side Returns: 6"L standard on outside mount shades,

Deductions: Shade fabric will measure narrower than specified width to accommodate clutch/motor, idler, and brackets

Shade Body: Three 6"L fixed folds are sewn along shade bottom.

Bottom Hems: Woven-to-Size Collections: hand-sewn tapered oval hem
 Tailored-to-Size Collections: tacked round hem

DESIGN CONSIDERATIONS

- Shades with lengths over three times the width are not recommended as they may track unevenly
- Not available with liner or edge binding upgrades. For the look of edge binding, see Essence Custom Edge Upgrade
- For additional shade folds, contact H&F
- Typical stacking measures 9"-12"L from the top of the headrail to the fold's bottom when raised. Extra folds will increase the length
- Avoid front artificial lighting sources which can accentuate inherent natural fabric textures and characteristics such as knots, ripples or wrinkles

HELPFUL HINTS

- We recommend hiring a professional installer to ensure shades are level and shimmed for proper operation. Frayed edges caused by improper installation will not be covered under craftsmanship warranty
- Shade is 100% cordless when specified with Newton or Automation

Back of Shade

Structured Valance pxx Upgrade

To finish specifying your Natural Woven Shades, and complete your worksheet, follow this step-by-step process in the [Style Guide](#):

1 SELECT SHADE STYLE

You're on your way

2 SELECT UPGRADED VALANCES & SIDE RETURNS

Options available to conceal componentry

3 SELECT METHOD OF OPERATION

Clutch | Newton | Automation

4 SELECT PRIVACY & SUN CONTROL

Privacy Liner | Independent Dual Shade | Extra Density Weaving

5 SELECT UPGRADES

Shade embellishments | Customization | Challenging Installations
