HARTMANN & FORBES BARKS UP THE RIGHT TREE

To start off 2024, Hartmann&Forbes announced it partnered with One Tree Planted, a global reforestation nonprofit, to plant one tree for every order placed. The news came on the heels of the company being recognized for the third year in a row as one of the top 10 "100 Best Green Workplaces" in Oregon last year. This initiative helps Hartmann&Forbes maintain its commitment to leaving a smaller environmental footprint.
