WEAVING UNIQUE BACKGROUNDS, FRESH PERSPECTIVE
AND INSPIRATION IN EVERY DESIGN

One all-embracing aesthetic threads through everything we do at Hartmann&Forbes. Whether creating our collections or joining in one-of-a-kind collaborations, we aim to offer the most thoroughly soul-awakening array of sustainable designs one can imagine.

BESPOKE

WOVEN-TO-SIZE

In this time-honored, one-of-one method, we handweave each shade on traditional wooden looms to a window's dimensions. This painstaking technique takes time, but delivers an exquisite loom-finished edge on shades up to 180" wide, without seams. Each shade is then hand-finished to the most exacting standards, with the highest-quality components, in our Oregon facility.
