HARTMANN&FORBES Introduces Update to J. Randall Powers Collection

MARCH 2023 (TUALATIN, OREGON) – Hartmann&Forbes, maker of sustainable natural window and wall coverings is proud to announce product additions to their collection with J. Randall Powers. Coming off the success their Spring 2021 collaboration, the update includes one woven-to-size grassweave window covering and one natural wallcovering design in multiple colorways.

WOVEN TO SIZE WINDOWCOVERING

Windsor

Corded French textiles inspired this transitional series by J. Randall Powers. Windsor's tightly woven ramie ground is detailed with yarns that are individually twisted by hand into pencil lines. Their two-tone palette and horizontal relief offer a fresh take on a traditional striped design.

NATURAL WALLCOVERING

Morgan

J. Randall Powers drew inspiration for this series from his collection of Native American baskets. Marked by a refined zigzag pattern that's gravure-printed in three natural tones on a jute-paper ground, the wallcovering delivers visual dimension and a touch of playful flair.
