

Fabric Shade
FLAT OLD STYLE

FLAT STYLE

A staple for design, this minimalistic roman shade style allows the fabric to be the window centerpiece and works well in any setting.

HEADRAIL & VALANCE DETAILS

- Wrapped 1½"D x ¾"H pine headrail. Other headrail sizes available
- Outside mount headrail wrapped with shade fabric, inside mount with liner
- Side returns made to depth of headrail on outside mount shades
- Old Style shades do not come standard with a valance. Valance upgrade
- Traditional Style is standard with a 6"L valance made from the shade fabric. Other valance options available

Old Style

SHADE OPERATION

- Cord-lock and pulley system
- Cord-cleat (clear, white, silver, bronze, brass)
- Braided pull-cord approximately one-half the length of the shade

Traditional Style

SHADE DETAILS

- Inside mount shade has a ⅜" width deduction to allow for operating clearance
- Hand-stitched translucent liner included. Sheer liner is available as no-charge option
- Cord shroud applied for child and pet safety
- Handcrafted tassels
- Tailored sewn bottom hem standard with 1¼" internal hem bar

DESIGN CONSIDERATIONS

- Depending on fabric choice and operation frequency, periodic dressing may be required to ensure proper folding when raised
- If shade width is over 72," we recommend upgrading to a clutch with cord loop or automation
- Shades wider than a material's seamless width will have vertical seams evenly spaced from either side
- If specifying a shade with blackout liner, specify a Classic Style shade for best operation
- Old Style with grommet available to draw the pull-cord through the front of the shade for better operational access
- Available unlined if desired

Old Style with Grommet
