BAMBOO CORNICE

BAMBOO CORNICE

Featuring rich textures, beautiful colors and natural style; bamboo cornices are made from stunning and exotic species of bamboo with variegated culms. This species of bamboo is highly valued and used for high-end furniture and crafts around the world.

DETAILS

- Available inside or outside mount
- Cornice box frames are crafted from finger-jointed pine
- Bamboo is split then hand nailed to cornice frame
- 5¼"D x 5¼"L. Custom sizes available. When placing order, specify the inside box dimensions. Overall width may vary due to wood return and bamboo thickness (1½" - 1¾")
- Dust cap provided on outside mount
- Trove style features a natural textile inserted between a bamboo header and footer
- For sizes over 180"W contact Customer Relations for support

DESIGN CONSIDERATIONS

- All weaves available in both Botanic Trove V-Style and Botanic Trove H-Style cornices
- Overall width and depth will vary due to bamboo size variation
- Bamboo tassels available to coordinate
- COM colors available upon approval
