

CURVED CASSETTE SYSTEM

A curved metal fascia, with a selected natural weave or wallcovering insert, provides a modern clean appearance to coordinate with an underlying roller shade.

DETAILS

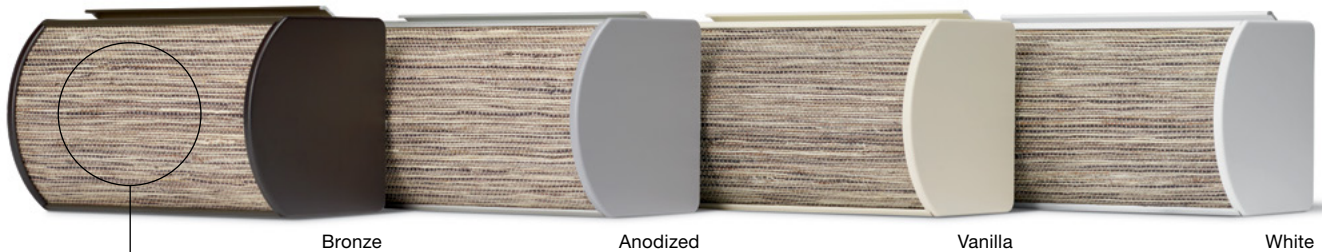

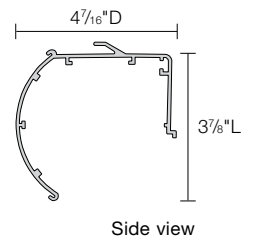

- Available styles: natural woven Roller Style, Rollerfold or Cordless Rollershade
- Available in bronze, anodized, vanilla and white. Outside mount shades will have matching molded end caps
- For available weave and wallcovering insert options refer to Weave Detail in the Price List
- Shades are pre-attached to the cassette in finishing facility

Max. cassette width: 180"

DESIGN CONSIDERATIONS

- If specifying shades under curved cassette system over 96"L, contact Customer Relations to ensure roll diameter will fit into the cassette
- Coordinate Bead Chain to cassette color
- Not available with Ultra Metal Clutch

Refer to Weave Detail in the Price List for available insert options.
