

ULTRA  
METAL CLUTCH  
& HEM BAR

## ULTRA METAL CLUTCH

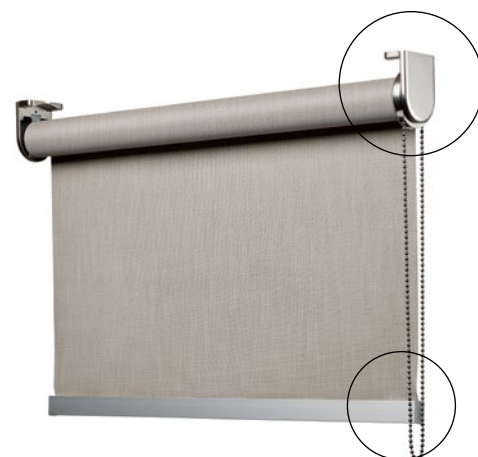

An exposed sleek metal clutch, inspired by the clean architecture of the Bauhaus movement, delivers a subtle statement of luxury.

### DETAILS

- Metal clutch with matching bracket and covers. Lifts up to 15lbs
- Available in white, silver, bronze and charcoal
- Metal ball chain color-coordinated to clutch unless otherwise specified

### DESIGN CONSIDERATIONS

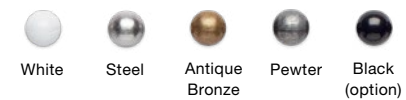

- Consider a matching Ultra Metal Hem Bar to complete the look
- For casement requirements

Ultra Metal Clutch Bracket Cover Colors

Metal Ball Chain (standard)

## ULTRA METAL HEM BAR

The Ultra Metal Hem Bar features architectural detailing that works well in interior environments where coordinating metal is involved or when a modern influence is prevailing.

### DETAILS

- Made of extruded aluminum
- Available up to 180"W
- Hem Bar with matching endcaps available in white, silver, bronze and charcoal
